Text Message Updates

- A text message containing a registration code will be sent to your phone. Enter the code in the appropriate blank on your screen. Click “Submit” and then “Done” to complete registration.

The screenshot shows the West Plains Bank website interface. The top navigation bar includes 'Payments', 'Accounts', 'Transfers', 'Finance Center', 'Notify Me Alerts', 'User Services', and 'Messages'. The 'User Services' section is active, displaying a form titled 'Enroll your mobile phone number for text alerts'. The form contains a message: 'A text message was sent on 7/7/2011 9:08:55 am CDT to your mobile phone number 417-293-0483.' Below this is a text input field for the registration code. Instructions include: 'Please enter the registration code provided in the message:', 'Click "Submit" to process your request. Click "Cancel" to skip the enrollment process and return to your main page.', and a link: 'Click here if you have not received the registration code on your mobile device and would like to receive a new registration code.' A footer note states: 'This service is supported on the following cellular carriers:'.

- After completing the registration process, to set up or modify your text message updates make sure your screen displays the “Notify Me Alerts” tab.
- Select “Edit” by each account activity alert to set up the text message update option. Click the checkbox next to your mobile phone number to receive the update by text message. This can be done for each of the accounts to which you have access through Internet banking.
